GUIDELINES FOR COMMITTEES, COUNCILS, AND SERVICE TEAMS

I. Definitions of Committee, Council, and Service Team

A. "Committee" is an administrative body of elected lay persons responsible for actively and regularly overseeing an assigned portion of the church's life and work. Committee members are typically elected for a specified term and may or may not be eligible for successive terms depending on the particular committee's structure.

B. A "Council" is an administrative body of lay persons and/or ministers, comprised in part or totally of members appointed for service by reason of prior election by the church to specified leadership positions. A council is responsible for actively and regularly overseeing an assigned portion of the church's life and work.

C. A "Service Team" provides a specific function in the church and has variable numbers of members who may serve multiple terms. Members are elected as listed in the Nominating Committee report. Teams will elect their own chair.

D. In the case that the work of a committee or council is specific in nature or limited in duration and may reasonably be carried out by a single person, that person will be designated a "coordinator" or a "director", depending on the nature of the position.

E. All guidelines for committees will also apply to councils, coordinators, and directors unless otherwise specified.

F. A committee, council, or service team may be designated as "inactive" by Church Council for a temporary, specified period of time if its duties and tasks are no longer considered necessary. The Nominating Committee will not fill the positions of an inactive group, but its Job Description will remain a part of the Leadership Manual. An inactive committee will automatically be reactivated after the specified period of time or removed on the recommendation of JARC and approved by the church in conference.

II. Committee Membership

A. The duties, number of members, and term of office for each committee, council, or service team are specified in that committee's, council's, or service team's job description. Coordinators, directors, service teams, members of all committees, except as specified below, and members of councils who are not automatically selected by virtue of other elected office, are to be recruited and nominated by the Nominating Committee and elected by the church in conference. Coordinators and directors are to serve one year terms and may be re-elected to successive terms. Members of the Nominating Committee are to be recruited and nominated by the Active Deacons and elected by the church in conference.

B. Unless otherwise stated in a committee's job description, the elected membership of each committee is to be established and maintained on a rotation plan, with rotation coinciding with the end of the church year. Members of committees having three or six members will serve for three years, with one third rotating each year. Members of committees having two or four members will serve for two years, with one half rotating each year.

C. Ex-officio committee and council members are specified in the job description for certain committees and councils. In addition, the Senior Minister may recommend to the Nominating Committee specific staff members to serve as ex-officio committee or council members. Unless otherwise specified, ex-officio committee and council members will have voting privileges.

D. Ex-officio members and members of councils who are automatically selected by reason of prior election to a position are to serve only as long as they hold the original leadership position.

E. The Nominating Committee is encouraged, wherever possible, to refrain from nominating committee members for re-election to the same committee until after an inactive period of at least one year with respect to that committee. If reappointment is considered necessary by both the committee involved and the Nominating Committee, an appropriate notation will be placed in its annual report and list of nominations to the congregation.

F. The Nominating Committee is further encouraged to strive, where possible and feasible, to secure a sufficient number of committee members to avoid a situation where one member will be serving on more than two committees simultaneously.

G. Each committee and council member is expected to be faithful in attendance and active in committee affairs. If unable to participate actively or otherwise complete a term of membership, a committee or council member is expected to resign by contacting the committee or council chair, who in turn is expected to notify the chair of the Nominating Committee.

H. Vacancies in membership during a term are to be filled by nomination from the Nominating Committee and confirmation by vote of the Church Council. The member elected to fill a vacancy is to serve for the un-expired portion of the term of the member being replaced. Such action is to be reported by the chair of the Nominating Committee at the next regular church conference.

I. The Church Council or the church in conference may vote to activate an inactive committee, or to deactivate an active committee for a specified period of time. In its annual report, the Nominating Committee shall report all committees that are inactive for that year.

J. The Senior Minister may designate a staff member to serve on appropriate committees and councils based on their assigned responsibilities or strengths.

III. Committee Leadership

A. Each committee is to be led by a chair and such other officers as it chooses. The Nominating Committee will recruit and appoint the chair for each committee unless otherwise stated in a committee's job description.

B. Each committee officer is to be elected to a one year term and may be reappointed to one or more successive terms.

C. The committee chair is responsible for calling and chairing all meetings, and for directing and supervising the work of the committee. **The committee chair is responsible for making an annual report at a church conference or town hall meeting as designated by Church Council.**

D. The **chair** is responsible for recording and maintaining minutes of the committee's meetings, keeping committee records and documents, and handling committee correspondence.

IV. Committee Meetings

Each committee is to meet according to the schedule provided in its job description. Additional meetings may be called by the chair if necessary. The chair of each committee is responsible for informing the church office in advance of all meetings. Cancellations, postponements, or other changes are also to be communicated by the chair to the church office as soon as possible.

V. Committees, Councils, **and Service Teams**

A. The committees, councils, **service teams** and coordinators whose tasks are described in this Leadership Manual **and supplemented by the Policies, Procedures and Documents** are to administer the programs and ministries of University Baptist Church. In addition to these, ad hoc committees may be formed on an as-needed basis by the Church Council, the Active Deacons or the Church acting at a church conference. The organization which establishes an ad hoc committee will also establish the length of time the committee is to remain in operation.

B. Each committee, council, and service team is to exercise initiative in actions, for it possesses both the responsibility and the authority to perform the work tasks delegated by its job description. Each committee, council, and service team is to function within the Guidelines for Committees, Councils, and Service Teams and its respective job description. Each committee, council, and service team is also to function in cooperation with other church committees, councils, service teams, church members, and staff.

C. In order to accomplish its assigned work with efficiency and effectiveness, a committee or service team may elect to delegate to its members specific areas of responsibility and work assigned to the committee or service team as a whole.

D. Sub-committees may be formed by a standing committee or council when needed for the performance of committee tasks.

E. At the discretion of the chair of a committee, council, or service team, other church members may be asked to participate at committee meetings in a non-voting capacity.

F. The Active Deacons and Church Council are responsible for the reviewing and updating the Leadership Manual at three year intervals through the appointment of a joint committee by the Active Deacons and Church Council. Any other substantive changes to the Leadership Manual, outside of the review, shall be proposed by Church Council and presented for review by the Deacons before being presented to the Church for approval.

GUIDELINES FOR ACTIVE DEACONS

I. Composition of the Active Deacons

The Active Deacons are elected and ordained to be the lay ministerial leaders of the congregation, and will consist of twenty-one church members elected to serve for a three-year term. Annually one third of the Active Deacons will rotate off and be replaced by others elected by the congregation. A Deacon who rotates off is not eligible to serve as an Active Deacon again for at least one year.

II. Nominations

The nomination period will occur over a period of not less than two weeks. All church members except those who have served as Deacon within the current organizational year and those who have been designated Deacon Emeritus are eligible for nomination. See the Deacon Handbook for details of the nomination process.

III. Elections

The election of Deacons will be held by May of each year and conducted by secret ballot of the church membership (one ballot per church member) collected during regular worship services. In addition, ballots may be delivered to the church office by phone, mail, email or completed online. The length of time allowed for casting ballots will include at least two Sundays. The ballots are to be counted by the church secretary and verified by the Chair of the Active Deacons.

The seven members receiving the largest number of votes and who are willing to serve shall be elected. In the event two or more members receive an equal number of votes for the seventh position, the active Deacons will break the tie. If one of the first seven should decline to serve, the eighth highest vote getter would be asked to serve.

IV. Filling Un-expired Terms

In the event a Deacon is unable to fulfill his/her term of office, the following procedures for filling the vacancy shall apply:

A. If the vacancy occurs less than 90 days prior to the first date of the next regularly scheduled nomination process, then the term will not be filled, but an additional Deacon will be elected at the next regularly scheduled election to fulfill the unexpired one or two year term. In the event the vacancy occurs for a Deacon in the final year of his/her term, no further action is required.

B. Otherwise vacancies will be filled immediately by the next highest vote receiver from the most recent election. A deacon elected to fill a vacancy will be elected for the unexpired term of his/her predecessor in office.

V. Ordination and Installation

All newly elected Deacons who have never been ordained, either as a minister or Deacon, by laying on of hands will be so ordained in a service of ordination. The laying on of hands may be by all ordained ministers and Deacons. After ordination all newly elected Deacons will be installed into the office **by the beginning of the organizational church year**. A church member elected to be a Deacon, who has been ordained by a church of like polity, may be installed without ordination.

VI. Structure

The Active Deacons will elect their own chair and other officers. The chair of the Active Deacons will serve on Church Council. After church-wide Deacon elections are held and the new Deacons are selected, the outgoing chair of the Active Deacons will appoint a Deacon Officer Nominating Committee of three members (to include designating a chair) from the Deacons rotating off of the Active Deacons. This committee, in consultation with the Senior Minister, will recommend new officers **and one Deacon, newly elected to a three year term, to serve on the Deacon Circle of Caring Council**. The slate will be presented to the Active Deacons by August of each year and voted on at that time.

The Active Deacons will meet monthly at the time and place agreed upon.

VII. Role

Deacons are elected and ordained to be the lay ministerial leaders of the congregation. They will be primarily concerned that the congregation be spiritually healthy and fulfill its mission according to its understanding of the will of God. Together with the Staff Ministers and the Church Council, they will establish the general direction and focus of the church's

life and work. As a part of this function, the Active Deacons will be responsible for the Circle of Caring, which will be administered by a Deacon Circle of Caring Council. One member of the Council will be selected to serve as Coordinator. The Circle of Caring will be structured as set forth in the Deacon Handbook.

Along with the Church Council, the Deacons will review the annual budget, slate of nominees, and other major proposals or initiatives for recommendation to the church in conference before such items are presented to the church for action.

The Active Deacons, the Church Council and the staff ministers shall be responsible for the development and maintenance of a strategic planning document which establishes goals and priorities for the church during the coming year(s). The plan shall also address and identify priorities which reflect longer term initiatives, plans, ministries and visions for the church. Responsible parties are encouraged to use a variety of approaches to develop/revise the plan such as retreats, outside resources, etc.
